

SL:from a film lover to film industry

Dear NFI team

Despite my love for the film industry, I stumbled upon your website and was amazed by the summer film camp that you provide.

What struck me was the camp's ability to grant newcomers the chance to sink themselves in the film industry and to unleash their creativity.

However, I noticed that the website's design is not optimal, which could result in a lower number of subscribers.

That is precisely why I am here, to design each section of the website, including the Apply, Request info, Blog, and more.

By doing so, you'll be able to keep up with other competitors such as the New York Film Academy.

I've put together a special gift for you, a brand new design for the summer film camp. you can find it attached to this message.

If you're interested in working with me, we can schedule a zoom call to discuss other ideas I have for your academy, such as Opt-in pages.

Regards,
Osama
