 - a. Purdy Cup Rookies and Juniors
 - b. Honorable Bob Rookies and Juniors
 - c. Hobsons Bay Cup Rookies and Juniors
 - d. Koshnitsky Cup Rookies and Juniors
2. 2 the combined score of 3 of the 4 open swisses
3. 3 if 2 is tied the combined progressive score of the rounds qualifying tournaments added together.
4. 4 the players 4th tournament

- Juniors could also score points towards Juniors Club Championship.

1. The winner of the tournament

- Over the year we have 4x Swiss tournaments. This **will not include** our blitz tournaments, weekend rapid
- 2x 5 round

Hobsons Bay Chess Club Tournament Rules

- 2x 7 round
- The winner will be the player who ends on the highest score not including tiebreakers
- If 2 players end on the same highest score both qualify
- While unlikely it is possible all 8 players qualify through this method if 2 different players came tied first in each tournament
- If someone who has already qualified through a tournament wins again this will not allow for additional qualification

2. End of year score

- This will be used to get to 8 players after accounting for the players who qualified through path 1
- It is the combined score of the players 3 best tournaments
- Byes both requested and unrequested will be used in calculated this score
- If there are players who have the same score 3 and 4 will be used until we get 8 players
- The reasoning of this system is it benefits players who are consistent without overly punishing players if they miss 1 tournament.
