

Hi,

I'm a student studying marketing and have to help a local business for a project. I am looking to gain some experience and earn a good testimonial before I start charging. I've done some research and have a couple of good ideas to share with you that I think can help you get some new customers for your barber shop. If you like them and want to test them out that would be great. Would you be willing to have a call sometime in the next few days?

Thanks,

Muhammad Danish
