LET IT BE KNOWN THAT by these letters, we decree that all bureaucratic forms of government nature shall be listed on the official government website - edenopolisgov.wordpress.com;

THAT by these letters, we further decree that forms shall be ordered and categorized by date of creation; the first form will be listed as 1A, then 1B, 1C, and so on until 1Z, and then it repeats 2A, 2B, 2C, and so on in that nature;

THAT by these letters, we decree that the only manner by which non-citizens may gain official Edenopolitical citizenship is through filling out Form 1A, as developed and distributed by the Royal Immigration Authority on the fifth of November, 2016;

THAT by these letters, we decree that once the citizenry is of sufficient number, as determined by ourself, we shall hold an election for the position of Chief Executive within our Royal Board of Advisors;

THAT by these letters, such election shall be one polling all citizens, both full and national, and that the winner of the said election shall be that candidate that successfully achieves a simple plurality of all ballots cast during the election;

THAT by these letters, the successful candidate for Chief Executive shall be vested with the authority to appoint the subsequent members of the Board in the King's name, though the King may still elect to remove certain members of the Board at his discretion;

THAT by these letters, the election shall be re-run if fewer than 40% of the electorate do not vote;

AND THAT by these presents we do decree our approval and ratification of the above letters, and that such shall hold the force of law within our realm from this moment forward.

WITNESS OURSELF in the Royal Capitol Building of the Free City of Edenopolis, this day, the Fifth of November in the Year of Our Lord Two-thousand and Sixteen.
