

## **The Quality Assurance Unit**

### **Vision:**

**To be a leading unit in quality assurance among higher education institutions in Egypt**

### **Mission of the Quality Assurance Unit**

**The unit strives to achieve comprehensive quality in all educational, research, and administrative activities in the college. It aims to maximize the use of all available capabilities and resources to improve the level of education. This is achieved through the participation of all faculty members, to meet the needs of the community and the requirements of the job market, according to the standards of quality and academic accreditation**
