LOBOLEO'S CURRENT ACTIVE STREAMING WORKS SCHEDULE

<https://picarto.tv/LoboLEO>

Usually after 6pm (PST)

August 2019

If this is blank, it only means I don't have a current plan of Streaming or if I'll stream at all, it could also means that I'll stream at any given time with any content.

SA	SU	M	T	W	TU	F
1	2	3	4	5	6	7

8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30					

*This schedule could constantly change since each project requires a different amount of time-work, and the hours streaming varies from day to day. This Calendar above **only refers to what will probably be worked during stream** but it doesn't show what will be finished or posted at patreon at any given time.*

Many arts are worked offline so this calendar doesn't reflect what will be produced each month of work. This only gives you the info on what will be probably worked on during the live-stream.
