

Trump Wall

So it all started of the idea of building a border. There was a meeting a little while ago and they have made it official that they are building the wall. It was confirmed that they are building the wall in like a 3 hour meeting. Trump made a promise that he won't shut down the government and called a national emergency. Well they were trying to figure out what they were going to do they had the longest government shutdown in Us history. The reason Trump wants to build the wall is that people are coming in illegal and are killing people and bring drugs into the US. He just made a repeated statement that Mexico is paying for that wall.
