## 1. Introduction (use style JESCEE Heading 1)

Main Text Paragraph. (For main text paragraph use style JESCEE Main Paragraph)

## 2. Method

### A. Selecting a Style (use style JESCEE Heading 2)

**How to use this template.** After the text edit has been completed, the paper is ready for the template. Use styles toolbar as we can see in the Figure 1. Apply the appropriate style by choosing from the list on each section.

## 3. Result and Discussion

Main Text Paragraph.

**((Note: Please do not include the table in a textbox or frame))**

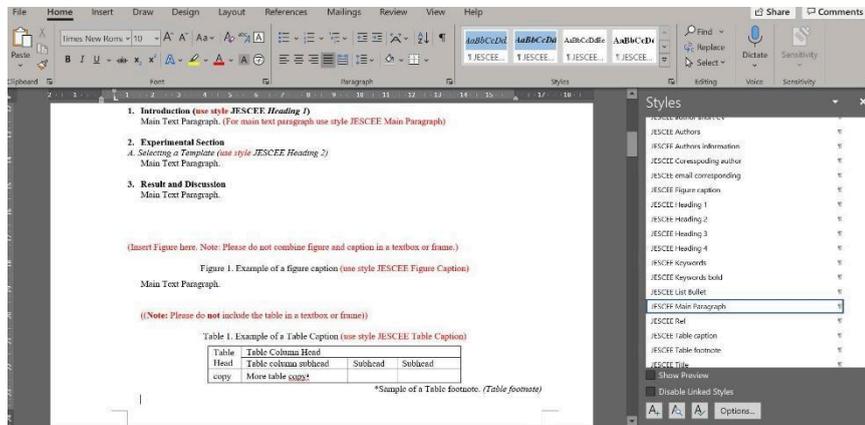

### A. Tables and Figure

We suggest that you insert your image file as picture (which is ideally a 300 dpi resolution TIFF or EPS file with all fonts embedded).

Table 1. Example of a Table Caption (use style JESCEE Table Caption)

Table Head	Table Column Head		
	Table column subhead	Subhead	Subhead
copy	More table copy <sup>a</sup>		

<sup>a</sup>Sample of a Table footnote. (use style JESCEE Table footnote)

(Insert Figure here. Note: Please do not combine figure and caption in a textbox or frame.)

Figure 1. Example of using JESCEE Styles (use style JESCEE Figure Caption)

Main Text Paragraph.

#### 4. Conclusion

Main Text Paragraph.

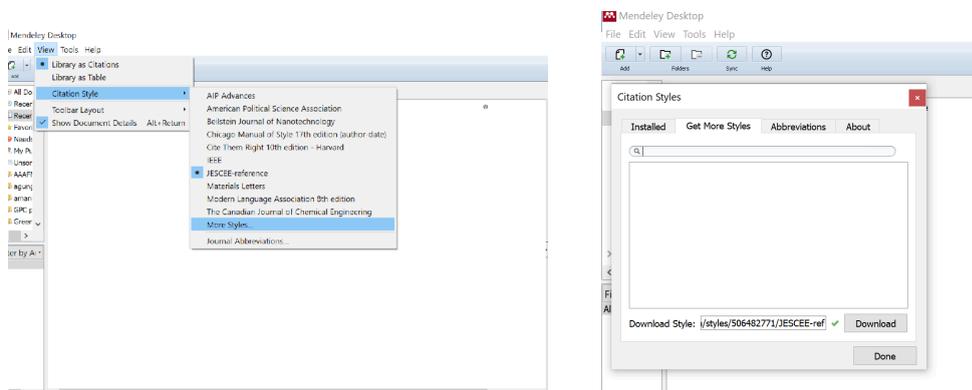

#### Acknowledgment

The preferred spelling of the word “acknowledgment” in America is without an “e” after the “g.” Avoid the stilted expression “one of us (R. B. G.) thanks ...”. Instead, try “R. B. G. thanks...”.

#### References

References are written using JESCEE format. It is suggested to use reference manager like Mendeley or EndNote.

Mendeley Template can be found by clicking “get more style” in Mendeley environment and input the url into the search box: <https://cs1.mendeley.com/styles/506482771/JESCEE-ref>
