## Chapter 2: The Girl Whose Breasts Are Tormented

The girl was bound in the shape of the character “大”, her four limbs spread apart by the tentacles. Her blouse and bra were torn to pieces. The monster kept licking and sucking her exposed, shapely right breast.

*“Kukuruuu, uh, gufufuuu.”*

“No, no... Stop, don’t... Don’t eat my breast... Nn, uu...”

The monster’s teeth nibbled at her breast playfully, while its tongue rolled around her nipple. Each time the girl’s breast changed shape, saliva dripped from the corner of the monster’s mouth onto her belly.

Having her bare breast played with, the girl could do nothing but shake her head in shame, her face dyed crimson. Due to the damage from the accidental discharge, her attempts to struggle free from the binding tentacles were feeble and fruitless.

*“Kukuu... Ruu, gufufuh...!”*

“Nh, hya...! Don’t rub them...! N- Nooo...!”

Enjoying the taste and softness of her breast, as well as her reactions, the monster reached its hand to grab the left one, and started to fondle it.

First, it grabbed the whole breast and massaged it forcefully, savouring its softness. Next, it let go for a moment and then raised the breast from below, confirming its size and rubbing it in a tickling way. Then, it used its finger to circle the areola caressingly.

The blushing maiden jerked her body left and right in a futile attempt to escape the monster’s stimulating torture.

“Nh, uu... Nh, ah... No, don’t... Ah, nnh... I- I’m, feeling it...”

It seemed that the redness on her face wasn’t just from shame. Having her breasts sucked, licked and rubbed, she was actually starting to feel it.

“Ah, n, uu... Muu, this is all, uu... Ah, aa... Ah, nnuu... Aah...”

*“Ruruu, kukuuu.”*

The reason why she was feeling it so easily was in part because the girl had a sensitive body to begin with... but more importantly, the monster's body fluids had a powerful aphrodisiac effect. It was mainly due to its influence that the girl was so strongly stimulated by getting her chest tormented.

*“Kukuruu... Ruru, kuu...!”*

“Hih, unh...! Ah, aa... Do- Don't bite my nipples...! Aa, uunh...!”

The monster was aroused by the sight of the girl visibly feeling its torment, and with the corners of its mouth curving, it bit her nipple. It wasn't a strong bite, just a playful nibble, but since it stimulated one of the girl's most sensitive places, she raised a conspicuously loud cry.

*“Ruu, kukukuu...!”*

“Nhyaa...! Do- don't pinch it tooo...! Aa, nn, nnh...!”

In addition, the hand rubbing her other breast picked up the nipple and pinched it. This was while she was keenly conscious of her other nipple being teased and nibbled on, so it took her off-guard and made her raise another cry.

*“Kuruu... Kukukuku.”*

“Ah, aau... Nh, hauu...! A, haa... S- Stop... Do- Don't tease my breasts... A, nuuh...! No, don't... Nooo...! A, anh...!”

Every one of her cries and reactions was interesting to the monster, so it kept having its fun teasing her chest. It nibbled on her nipple until she was wholly focused on it, then pitched the other one. When she expected the pinch, it would squeeze her breast instead. Sometimes it licked instead of biting. The girl was completely at the mercy of the monster's unpredictable torment.

“Ah, aah...! No, no, stop already...! I'm begging you, don't tease my breasts anymoore...! Ah, hauu...! Aa, aanh...!”

*“Rururu, kukuruuu... Kukukuh!”*

When the monster finally stopped biting, it grabbed her nipples with both hands, pinched and pulled. It squeezed and kneaded her breasts, then started licking and sucking the left breast, applying its aphrodisiac saliva all over it.

With her chest's sensitivity increased, the girl's body was feeling pleasure regardless of her will. Her cries were turning into panting, and she seemed to be falling captive to the pleasure.

The monster nodded, apparently satisfied with the sight of the peerlessly beautiful girl panting in pleasure, and as if to finish her off, gave both of her breasts one last pinch, pull and nibble.

*"Kuku, ruruuu... Ruruh! Kuruuh!"*

"Ah, anh! Please stop, stop! Ah, hau! Nh, aaah...!! Aaah..."

Being given the strongest stimulus so far to her sensitive nipples, the girl lightly orgasmed.

Seeing the girl twitch, then quiver and go limp, losing her strength, the monster's mouth curved into a smirk and it manipulated the tentacles binding her limbs. First, they turned her around, showing her back to the monster. Then, they made her face the ground, with all of her limbs spread apart. As a result, her posture was such that her bottom was displayed right before the monster's eyes.

"Hya... Th- This posture...! N- nooo...! Ah, kyaa...!"

*"Kukuku, ruru."*

The girl immediately understood the purpose of the posture, and tried to put some strength into her limbs in order to escape the tentacles.

However, the monster didn't mind, it simply extended its hand and tore off her skirt, exposing her blue lace panties. As with the brassiere, it grinned at the adult-like panties, and rather than tearing them off, it used its tentacles to strip them normally.

The girl's shapely bottom and the pink, pretty pussy were exposed to the monster's leering eyes. Due to all the teasing and having already climaxed once, the pussy was slightly damp.

"Ah, aa... N- no... Don't look there..."

*"Ruru, kukukuu..."*

Naturally embarrassed having her precious place stared at, the girl muttered her objections in a feeble voice, her face bright red. Of course, the excited monster

ignored her objections. On the contrary, it operated its tentacles to raise her butt right before its face and stared intently.

“Kya... Au, uu... Do- Don’t look... Uh, nhya...!? Wai- Hahya, ah, anh...!”

*“Ruru, uuh!”*

Feeling the monster staring straight at her pussy, the girl faced away in an attempt to endure her shame... However, then she felt the monster starting to lick it.

“Ah, aah! Do- Don’t lick that pla- hya, nnh! Don’t lick, please... Ah, anh!”

*“Ruru, ruruuuh!”*

First, it carefully licked all around the entrance, spreading its aphrodisiac saliva. Loosening the pussy little by little, the tongue circled around and approached the centre.

Having her erogenous zone, which was sensitive to begin with, made even more sensitive, the panting girl desperately tried to control her voice.

“Aah, hau...! Nhya, anh! Not my breasts, too...! Hiu, nuuh! Don’t tease my breasts and that place...! Aah, haunh! Nnh, aa...!”

*“Kukuku, ruruu!”*

While licking her pussy, the monster used its free tentacles to rub and tease her breasts. Having the two places tormented simultaneously, the girl felt the pleasure ever stronger and moaned.

“Ah, ah, aah! Ah, aanh...! Nnh, aah...!”

*“Ruruu... Kuku, kuuu.”*

Enjoying her moans, the monster continued to tease her. It flicked her clitoris with its tongue relentlessly, applying its aphrodisiac saliva. Powerless against the relentless torment, the girl climaxed again.

Having been teased so much and made to climax twice, her pussy was now dripping wet and well prepared for the next step. Therefore, the monster stopped licking and lowered her body to a new position.

“Kya... Th- This position... Oh, oh no!”

*“Kuku... Ruuu...”*

The girl's new position was right in front of the monster's hips. Right when she noticed, the monster shifted its loincloth and pulled out its cock.

“Ah, aa... Th- That's...”

*“Ruruuu, kukuuu...”*

The monster's cock was already erect, displaying its fiendish size.

From now on, that thing would be thrust inside her. Looking at it over her shoulder, the girl imagined it, her body trembling in fear. And yet, since she hadn't recovered her strength yet and couldn't shake off the tentacles, there was nothing she could do to avert that fate.

**TLN:** Hope you enjoyed the teasing. I'll be translating the next chapter next, concluding the scene, before I switch back to Beginner Pack.
