Prospect Connect

This is a four-months, 100-hour, intermediate/upper intermediate/advance English online programme with students that live in multiple locations across the country. Prospect Burma's knowledge partner, EduLink, will provide the online curriculum for this programme.

During the course all students will also participate in various online workshops led by Prospect Burma; this will give students an opportunity to interact with the entire cohort and Prospect Burma team members.

Each student will take an IELTS test at the end of the course in order to determine their score, and if additional English courses are required. Each student will have the chance to increase their English score to 5.5 during the four-months programme.
