

## **PAS Email for Phase 2 Cryptos**

Subject line: Single step you must take to stop losing in crypto

When you check your crypto portfolio, what do you usually see?

A massive growth of a coin that only you and your friends knew is gonna blow?

Numbers showing that you won't need to go to your job anymore?

Or maybe just a small growth of Bitcoin, that doesn't make a lot of sense?

Imagine that you are a guy who finally found the way to get the most out of crypto.

Nobody is laughing at you anymore.

Everybody asks for your advice and wants your life.

But let's get back to reality.

What do you actually see in your portfolio?

If you're tired of playing in crypto and ready to actually start conquering it,
