

Forge Deeper Connections With Your Audience And Elevate Their Experience

Hello Fight Team

I admire the new website redesign. It's easy to navigate and the colour scheme of orange and black matches your brand perfectly.

I couldn't exactly identify the target audience you are speaking to

Addressing this early grants you a strategic edge when entering the target market.

Connecting with your audience allows you to tailor your messaging making the feel understood which grants you im]pactful authority.

Having researched the pains and desires of the boxing for beginners market I've put together a rewrite for your website that seamlessly connects with your target audience check it out bellow

(Here I will paste Free Value Here's the link to it - I won't link it when i actually send so it dont go spam [Sales Page Rewrite 2.0](#))

What's your opinion on the second line?

Sincerely

Lutchee

PS 🖐️

I just wanted to note that in your membership options, I'm unable to pay. I'm unsure if that's intentional?
