**SWAP, BETA, eSchool and Other Leaders, please bring any (one or 2) topics, issues, data, or documents that you would like to spend some time with self reflection and peer problem solving. These might be about workloads, structures, data, etc to reflect and have a thought partner around.*

Independent Reflection

- Patterns, Trends and Outliers
- What assumptions that you had feel affirmed
- What assumptions that you had feel challenged
- What other data or information do you wish you had now that you've seen this information
