

We LOVE our Spartans!

MCMS 8th Grade

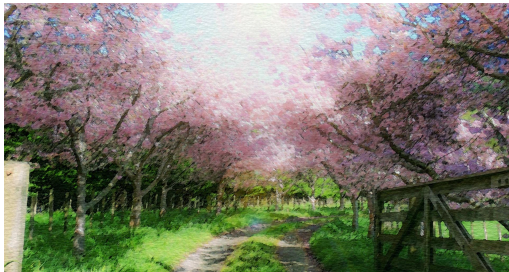

The **Mission** of **Marnel C. Moorman School** is to promote a student centered environment that empowers self-reliant learners who have competence and strength of character to realize their aspirations and thoughtfully contribute to a diverse and changing world.

The **Vision** of the Marnel C. Moorman School is to **engage, lead and serve.**

Spartan Family News:

We still miss your faces!

***We are almost there!** Time to defend our LEARNING!

* We will hold Zoom class meetings on **Tuesday and Thursday at 1:00.**

[8th Grade Defense of Learning](#) begins this week!

All students should read all [directions](#), check out the [structured example](#), and watch the [video](#) posted on TEAMS. When ready, students should contact their mentor with ideas before noon on Tuesday. If teachers are slow to respond on Monday, leave ideas in a message or email. Many teachers will be busy at school on Monday but will respond to your ideas as soon as possible on Tuesday. **After conferring with their mentor for feedback at least twice, strengthening and revising their presentation, and receiving mentor final approval**, students must create a [FlipGrid](#) video to defend their learning by Friday of this week. Good Luck!

Mathematics is working on Standard 8.EE.1, exponential properties. The new packet is attached in Microsoft Teams, and is for the entire month of April. I would like students to slowly work on the packet on Monday, Wednesday, and Fridays, and strictly work on DreamBox on Tuesdays and Thursdays. This will help with pacing and structure to feel a bit more normal. Every Wednesday and Friday we will have a math mini lesson through ZOOM. I would like students to attend, if they can.

Join Zoom Meeting Wednesday and Friday at 1pm
