

Waterloo x UofT

WRITTEN BY Sigma and their wolf pac

It was a hot summer day in the convention, in my smexy squirrel fursuit, I was sweating my fat balls off. The air was thicker than my booty and smelled of discords mods that haven't showered since GTA 6. My sigma self was mewing around at the passerbys, some of them looked just as they smelled looking for not a chinese, not any asian but japenese waifu until I saw HIM, he was the thiccest alpha baby gronk duke dennis nonchalant dreadhead. I was staring like a ham sup lo. he was my smigma at first sight, I was so

nervous which got even worse because...

HE LOOKED AT ME OMGG SQUEEEEEEEEEEEEEEE (i felt my balls clench)

This can't be happening, pinch me cause I think i'm dreaming omgggggggggg

He had piss colored eyes, my fav smel, that shined in the moonlight. He also had greesy ass hair (in his crack too) so greasy you could fry KFC AND popeyes and eat that ass (i'm black so i would know uWu). And his lips, OMG HIS LIPS were dryer than the sahara desert. I want to see him oiled up, i'll help hydrates those lips for him (i was drooling just thinking about it) all this time i spent imagining how he looked bent over he walked to over to me. MY HEART STOPPED periodt.

"Wagwan shawty, are youuuuuuuuu lost bbg? A guy with a GYATTTTTTTTT like yours can't be walking around like this unprotected, it can be dangerous"

"Yknow they call me commander gyatt around these parts of town," i whispered shyly.

"I just gyat to know why" my gallbladder began to tingle, no one has ever asked me this before

"Well, when i walk, my cheeks clap at 135 dB, wanna watch?" Walterloo, nodded keenly.

"Okayyy here i goooooooo" my hips moved gracefully, they were more truthful than Shakira's. Le earth was shaking

"I think my ears are bleeding, GYYAT i love it" Walterlight was looking at my booty like it was lunch time and he'd been fasting for Ramadam Wallahi. I could just feel the hormones he was secreting from his back ballsack glands in my nostrils. I've smelled tihs before, it's the WEREWOLF PHEROMONES... I felt my gyatt tremble, and the earth shook a little...

"I'm shaking....."

"Are you scared of...an alpha like me? You should be. You're not ready for what's about to **come** next...🍆", "my drake snake is perfect for that gyatt 100000% faxxxxxxx"

"Btw, did you know i know drake? He used to touch me 😊 back in my prime (13)"

"Uuhhhh w-what do you mean????😨😨"

"What? Too sigma for u???"

"Uh-uhmmmmm, well uh well, no..."

"Well... whatever daddy wants...daddy gets grrrrrrrrrr🐱"

"I-i- can't do this...we can't be together"

"Why not kitten whiskers?"

"There are two wolves inside of me, one of them loathes you, the other wants climb inside of you"

"Well, i can tame both wolves like I do my sextillions of discord kittens. I want a fat chug of you yum"

"I can't walter senpai!!!!" I ran away, the sound of my buttcheeks wiping as they collided together made everyone cover their ears. My eyes were drowning tears.

"Hate see him leave, love to see him go..." (so hey, sigmas, peter griffin here to explain so, when whopperloo says Hate see him leave, love to see him go, when he says hate to see him leave he means that he can't departure from him without feeling sad but, when he leaves, he gets to behold his ginormous gyatt in all it's glory, helping the sigma)

Later...in the forest (chapter 2- all that clapping got me feeling jumbled up like a rubix cube <3) GTFO WHAT

OMG I HATE MYSELF i'm so sexy and cool and op but of course i'm in love with my enemy. The thing you guys don't know is...HE's my bully. Or, was... so you know bakago and deku? we're them but gayer lol

Peter griffren again, uort is still in the forest btw just in case any slowpokes were confused
