

# Primitives Tech Rider

The installation is configurable dependent on the performance environment. I list the general components but may have specific installation requirements depending on the performance agreement/space.

## Plan View

This was for a specific performance in Naples but should give you an idea of what I want to achieve.

[Link to original Google Drawing](#)

## Visual

- Minimum 3500 lumen digital projector
- HDMI lead
- 1 to 3 nets/voil or translucent screens
- Haze machines (not smoke)
- Blacked out space
- Small table

Have a look at the attached pic to give you an idea. You can get a brief glance at the effect [on this tweet](#).

## Sound

- PA system with plenty of sub bass.
- 4 ch mixer with parametric EQ.

## My Equipment

- Macbook retina laptop
- [LD2 controller](#) or iPad Mini
- Audio 8 Soundcard
- RCA leads
