

Privacy Policy for Message Ghost

Effective Date: [Insert Date]

At Message Ghost, we prioritize your privacy and are committed to protecting the personal information you share with us. This Privacy Policy explains how we collect, use, and safeguard your data when you use the Message Ghost app ("App"). By using the App, you agree to the collection and use of information in accordance with this policy.

1. Information We Collect

Message Ghost only collects notifications from apps that you allow access to. These notifications may include content from other messaging apps like WhatsApp, Instagram, Messenger, or any other apps you permit.

The data we collect is limited to notification data, such as text, images, and metadata associated with the notifications. The app does not collect, store, or transmit any personal information unless explicitly provided by you.

2. Notification Access and Storage

When you install Message Ghost, you grant the app permission to access notifications on your device. The app will collect and save notifications from the apps you allow. These notifications are saved within the Message Ghost app for you to review later, in case you lose or miss any chat messages or notifications.

3. Data Usage

The data collected from notifications is used solely for the purpose of storing and displaying notifications within the Message Ghost app. We do not share, sell, or use this data for any purpose other than providing the features of the app.

4. Security

We are committed to ensuring that your information is secure. We have implemented reasonable security measures to protect your data. However, please be aware that no method of electronic transmission or storage is 100% secure. While we strive to protect your data, we cannot guarantee its absolute security.

5. Third-Party Services

Message Ghost may contain links to third-party services or other apps. However, we are not responsible for the privacy practices of these third-party services. We encourage you to review their privacy policies before sharing any personal data.

6. Permissions

The app requires certain permissions to function properly:

- Notification Access: To read and save the notifications from your device.
- Storage Access (if applicable): To store data locally within the app.

You can manage or revoke these permissions at any time through your device settings.

7. Contact Us

If you have any questions or concerns regarding this Privacy Policy or your personal data, please feel free to contact us:
