

Saturday February 22, 2025 Public Volunteer Event with Meewasin

Twig & Bud Surveys - An Orientation (Citizen Science)

10:00 AM - 12:00 PM @ Beaver Creek Conservation Area

Join us at the Beaver Creek Conservation Area. *Parking available.*

Take a look at the [map](#). Meet Katie, our Volunteer Coordinator and Owen, our Resource Management Technician

To ensure you have a great experience, there are a few things we'd like you to know:

1. [Please register for this event here](#). Meewasin has safety and liability guidelines in effect. Please **complete 1 waiver** per person prior to your arrival on site.
2. We will begin at **10:00 AM**. and end at **12:00 PM**. If you'll be late, no worries! Just let us know! We can catch you up to speed upon arrival. Upon arrival, check-in with Katie, our volunteer coordinator
3. This is an outdoor experience - Please dress for the weather. Volunteers are required to bring shoes with good grip or winter boots to this event! Be cautious if walking on the slippery surface of trails. Things like a hat, mitts, winter jacket, and proper footwear will make your experience more enjoyable. Please dress warmly, as this is an outside event.
4. This volunteer experience requires data entry into the [iNaturalist App](#) - **having your own, fully functional and charged smartphone that can access this App is required for this event.**
5. We will go on a hike of the area to collect data. Please come prepared to be walking the trails outdoors.
6. Bring a water bottle with you because hydration is key and there is NO potable water on site. Please note **WASHROOMS are available on-site.**

About this event:

Learn to help with Twig and Bud identification, which is integral to the health of our valley in the winter months - Tracking with us can do a lot of good, for both the well-being of the valley, and the knowledge within our community! We'll begin with getting some info from one of Meewasin's team members before heading out on the trail to sample some data alongside Meewasin team members. We head back to the parking lot after our hike to add notes to our data.
