

PROTOCOL FOR VISITING THE LIBRARY - INITIAL VISIT
YOUR FIRST VISIT

To better prepare our students, we would like to conduct an orientation during your first visit to guide them in using the catalog and searching for books by their Lexile Level.

Please have your students bring their Chromebooks to the library so we can guide them through the catalog and refine searches.

Students are required to bring their school I.D.s if they are to check any books out of the Library.

Thank you for your interest in visiting the library 😊
