IT Support Specialist Intern

Campus/Location: University Park Campus
Date Announced: 06/26/2018
Date Closing: *open until filled*
Job Number: 80073
Work Unit: Student Affairs
Department: Information Technology
Full/Part Time: Part–Time

Description

Student Affairs Information Technology (SAIT) is currently seeking applicants for its "IT Intern Plus" program for the Fall 2018 semester. IT Intern Plus is a program in SAIT that aims to help students gain valuable experience and build on a career path based on their skills, interests, and experiences. Students may participate as wage employees or as interns (for credit or not for credit). SAIT is seeking customer service oriented, enthusiastic and organized individuals to assist in various projects and teams in support of new and existing information systems. SAIT supports Student Affairs units such as: Campus Recreation, Career Services, Counseling and Psychological Services, University Health Services and the offices in the HUB-Robeson Center to name a few. This internship position is scheduled for one semester with a possibility of extension into additional semesters.
