Review

"Mary Ghilani has done an excellent job preparing a practical, usable reference book for job seekers, job changers, and job improvers. She provided practical suggestions that are current, reasonable, and workable for adults in today's employment market. This book is outstanding in the manner and style of building on the practice of career counseling in a practical, down-to-earth fashion. I so appreciate her continuing theme that we will be more successful and do a strong job when we do work that we enjoy."-LeeAnn Eschbach, Counselor Educator, Associate Professor, University of Scranton

Review

"Ghilani believes in a simple formula for successfully finding a job-and she details the words and actions the job seeker can use immediately. Offering practical advice from the first sentence to the last, Ghilani shows she knows today's job market. Job seekers will appreciate the you-can-do-this attitude of the author, the organization of the book, and the thoroughness of the checklists, directions, and appendices."
