Notes:

- You need to finish the prologue before selecting a main mission. You can't choose a new story until the current one is completed.
- It seems like for the [SEARCH] missions, Dimension Missions all yield the same number of Search Points. Therefore, it is suggested that you run them at Difficulty 6. I have had a rough average of 2.5 Search Points per 10 runs.
- There are two Deluxe Packs. Each is 4400 Crystals. You get 1000 back for each.
- You need to finish the stories of Sersi, Ikaris, Makkari, Kingo, and Gilgamesh before being able to do Thena's.

Mission Rewards:

- [HEROES REUNITED] Madness Ensues - 1-3* Artifacts, including the exclusive 3* Artifacts for Ikaris, Makkari, and Sersi. Makkari bios. Up to 2 shifter bios of Ikaris or Sersi. 4 total runs per day. **Unlock via Makkari's Deluxe Pack.**
- [HEROES REUNITED] Shock and Awe - 1-3* Artifacts, including the exclusive 3* Artifacts for Kingo, Gilgamesh, and Thena. Gilgamesh bios. Up to 2 shifter bios of Kingo. 4 total runs per day. **Unlock via Gilgamesh's Deluxe Pack.**
- [RECLAIMED MEMORY] Deviant Diversion - 10 runs with Black Panther bios, up to 3 Ikaris shifter bios, and GUK. Repeat as many times as you want. **Unlock via Ikaris' Chapter.**
- [RECLAIMED MEMORY] Industrial Complex - 10 runs with Sersi bios, up to 3 Ikaris shifter bios, and GUK. Repeat as many times as you want. **Unlock via Sersi's Chapter.**
