Marijuana Enforcement Division

Health and Safety Advisory: BOONE FARMS, LLC

November 16, 2023 – The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a Health and Safety Advisory due to the identification of potentially unsafe levels of Total Yeast and Mold and Aspergillus on Regulated Marijuana flower (bud/shake/trim) produced by **BOONE FARMS, LLC**. The CDPHE and DOR deem it a threat to public health and safety when marijuana is found to have Total Yeast and Mold and Aspergillus levels above acceptable limits established in Colorado Marijuana Rule 4-115.

Through an investigation, DOR has identified Harvest Batches produced by BOONE FARMS, LLC that initially passed contaminant testing, but subsequently failed retesting. The contaminated Harvest Batches listed below were sold to consumers between November 13, 2020, and July 28, 2023. The list of locations where the affected product was sold starts on page two of this HSA.

Consumers who have this affected marijuana in their possession should destroy it or return it to the Regulated Marijuana Store from which it was purchased for proper disposal. If consumers experience adverse health effects from consuming this marijuana, they should seek medical attention immediately and report the event to the Marijuana Enforcement Division by submitting a MED Reporting Form.

All affected marijuana has a label affixed to its container that, at a minimum, indicates the license number of the Regulated Marijuana Business that cultivated the marijuana as well as the Harvest Batch number assigned to the marijuana. Consumers should check the label of their container of Regulated Marijuana flower (bud/shake/trim) for the following license numbers and Harvest Batch numbers.

Retail Marijuana Cultivation Facility: 403R-00467

Total Yeast and Mold Contaminated Retail Marijuana Harvest Batches:

9-30-20I95	10-19-21SPOG **
10-13-21KK **	10-19-21Maui

Aspergillus Contaminated Retail Marijuana Harvest Batches:

9-29-20DB	10-5-20JU3
10-5-20DI4	10-9-20KK
10-19-21SPOG **	10-13-21KK **

Failed for Total Yeast & Mold and Aspergillus
