To all the congregation members of Shincheonji

I want to speak about the sealed 144,000 of the 12 tribes in Rv 7. We may have 300,000 congregation members, but there must be 144,000 who are actually sealed in God's view, not just 300,000. What happens once the 144,000 are sealed is the great tribulation. And it is written that it is after the great tribulation that the multitude in white will come so this is the order in which this will be fulfilled.

We are now facing this great tribulation and the whole country is facing this great tribulation. We, who believe in God, believe in the Word of God. Although this is a very difficult time for the congregation members, this is to fulfill the Word so please continue to persevere and endure. God will ultimately conquer and reign. The Lord will keep us. Let's keep the Word of promise. The end.
