We're here to help you launch into your college journey, whether that's starting in a few weeks or a few years. Friendships determine everything. I know from experience that the friends you meet the first week have a huge impact, to help you grow in faith and leadership -- and become the best friends you ever had! Or sadly, start down a path away from the Love of Christ. Here's a [new Every Student Sent app](#) that will help you connect with ministries, churches, and other Christian freshmen locally or anywhere in the nation. We believe in you and are here to assist you in this exciting next phase!
