

Council Of All Beings / Spirit Kindred Gathering / Regenerative Sliding Scale USD \$10 – \$30+

- Supporting: \$30+
- Basic: \$20+
- Supported: \$10-20

definitions below

We believe it is of utmost importance to acknowledge that different folx have very different access to supports in our communities, and that there are many factors involved in the way individuals' finances fluctuate over time. In response, we will strive to keep all of our offerings available on a sliding scale to remain accessible to the widest range of people possible.

In our experience, sliding scales only meet the intended goals and function properly with clear guidelines and when all users are thoughtful and honest about how they utilize the scale.

Some organizations require tax records or other proof of monetary wealth and income in order to use supplemented tiers of the sliding scale. *This sliding scale is intentionally honor-based and notably not income-based.* Please read the guidelines for our various tiers below for our programs and thanks for ensuring the regeneration of our offerings and sustainability of the sliding scale system!

Supporting: This tier is for you if you have access to financial security on your own or through your family, own property, have personal savings, comfortably meet your basic needs through your employment or can comfortably not work, and can partake in activities like leisure plane travel, multiple wellness classes, or purchase many wants throughout the year. This level supports members who need to utilize the Supported tier to participate.

Basic: The price the practitioner would charge all members in the absence of a sliding scale. This rate is for those who do not honestly find themselves reflected in either of the other tier descriptions and who are not in a place to pay the supporting price for the offering.

Supported: Supported fee level is for those for whom it is a struggle to maintain access to basic needs such as housing, food, healthcare, child care, or are financially debilitated by debt. Please contact us in advance to arrange for some form of work/energy trade in combination with your financial contribution.

This level is also for those who have experienced multigenerational and systemic disadvantage in accessing supports. Additional scholarships beyond the Supported rate are available in a limited capacity for systematically disadvantaged folx such as BIPOC, LGBTQIA2S, and disabled participants.

Thanks to all for using the sliding scale ethically so we can continue to offer discounted programming for those in need of support in order to join. To maintain our sliding scale for the future, we must stress that it is not appropriate for those with higher accumulative degrees of societal privilege, members of the owning class, those budgeting for many various leisure activities, or folks who have abundant access to supports but are practicing voluntary simplicity to pay lower tiers of the sliding scale.
