NAME/VALUE (MODS)	DESCRIPTION
Health 31354 (230)	The core survivability of this unit. If this reaches 0 then the unit is defeated.
Protection 95751 (51023)	Additional survivability. If this reaches 0, then the unit will begin losing Health.
Speed 163 (36)	Determines the rate in which this unit gets to take a turn.
Critical Damage 150%	Increases the amount of damage dealt by a Critical Hit.
Potency 10% (10%)	Increases the chance to apply detrimental effects to opponents.
Tenacity 48.11% (2.11%)	Increases the chance to ward off detrimental effects.
Health Cost 100%	Determines the amount of Health restored based upon

$$40\% \times 2.5 = 100\%$$

$$\text{Therefore, } 57,113 \times 2.5 = 100\% \\ = 142,782 \text{ total Prot.}$$

$$142,782 - 95,752 = 47,030 \text{ Bonus Prot.}$$

Bastila's leader ability - 150% bonus prot.

$150\% / 1.5 = 100\%$

Therefore, $47,030 / 1.5 = 100\%$

$= 31,354 \text{ HP}$

Therefore, Health is used for Bonus Prot.
