SENIORS

As tradition, we're creating a senior video for graduation and are hoping to collect photos of seniors from any point during their K-12 years. If parents have pictures that include other students, it would be helpful if they could identify those students as well. Additionally, asking them to include the approximate year or grade level the photo was taken would make organizing everything much easier.

These photos will play an important role in helping us celebrate the senior class and make the video more meaningful.

Please send photos to Lexie Bishop at bisholex@lodischoolswi.org. Thank you very much for considering this request and for your support.
