

# Improvement to League Operations

**You should be focusing on the athletes, your league  
and the game you love. Let us focus on the pictures!**

## **On-Line Prepay**

No need to pass out paper forms to teams before picture day. Our online Pre-Pay program allows customers to browse products and make purchases at home prior to picture day.

*Paper forms will be available to families on picture day and are available prior to picture day (upon request)*

## **Picture Day Schedule**

We make over 500 picture schedules every year. Allow our team to make a picture schedule for you to approve. Ask us about our many options! We've seen it all!

## **Picture Day Staffing**

We would love to see you and your league representatives around on picture day. But, know that our photoshoots will always be well staffed and be able to handle picture day without any league assistance. That is our JOB!

## **Picture Delivery**

You have the option to mail all photos directly to each athlete's home. Our mailing program is managed by us by utilizing UPS and their Mail Innovations Department and all photos are delivered by USPS. Our High Volume allows us to keep shipping charges to only \$2.00 for all our most popular packages

*Leagues still have the option of passing photos back to teams themselves!*

## **After Picture Day**

We have an office staff that works Monday-Friday all year to answer any questions customers may have or fix any errors with their order. We ask that you direct any families with questions to our Customer Service department at:  
([customerservice@protekphotography.com](mailto:customerservice@protekphotography.com) or 317-888-4866)

545 Christy Drive - Suite 2100 Greenwood, In 46143

317-888-4866
