TIMEFRAME

While some images may be quicker or slower, please expect at least a 2 week wait for your completed commission. Any time I believe it will take longer than that will be communicated ASAP.

Please communicate as early and as clearly as possible if your piece is needed on a deadline. If the timeframe is too short, you may either incur extra charges or be declined depending on how soon the deadline is and what you're ordering.

PAYMENTS AND CANCELLATIONS

Payment will be taken upfront at time of order confirmation. Cancellations may be requested at any time before final image is produced, but depending on how far along the commission is, only a partial refund will be issued.

I may refuse or cancel any commission I am uncomfortable with or unable to complete at any point in time.

If I am to cancel a commission myself, a full refund will be issued.

EDITS

Edits may be requested at any time up until completion: however depending on severity and how far along the piece is they may be declined. Additionally, requesting an excessive amount of large changes late in the commission may incur extra charges. Please bring issues up the moment you notice them to avoid this, and remember that I may decline if I do not feel it is feasible - the best time to ask for changes is during the sketch stage!

OTHER

Please ask before using your piece in any unorthodox way (prints, resale, edits, etc). Any reposts **MUST** link back to me: however, please ask before reposting, as I might have an account on your site of choice already.

By commissioning me, you agree to all the terms of service listed above, and cannot hold me accountable for any misunderstandings.

Please ensure you have read these thoroughly: failure to do so is NOT grounds to receive a full refund.

Thank you!
