Concession Stand Cashier

9. Human Resources:

- (a) We started Open enrollment one October 1st. This year was off to a slow start, but as expected over half the changes came in the day before open enrollment ended! We processed over 15 changes.
- (b) We have been busy ensuring our district is compliant with all the HB 128 requirements. It is an extensive process and requires additional paperwork and training for all volunteers and new employees. We are currently working on creating a new form to become part of the application system to automate the paperwork portion of the requirement.
