[HOME](#)[HOSTING](#)[DOMAINS](#)[CLIENT AREA](#)

GOOD EVENING, YOUR IP IS: 192.140.145.43
WOULD IT BE NICE IF FOR DIAGNOSTIC PURPOSES, WOULD YOU NEED US TO CHECK FIREWALL LOGS FOR YOU?

Welcome to Webspacebar.co.za

Purveyor of quality website hosting and domain name registration since 2011.

Your Website, Faster

All our servers are built with Litespeed as the hosting engine, because we know you need your website to be fast. We also sell extra resources if you find your website needing more CPU cores etc.

SSD Drives

We build all our servers with SSD drives because we want to give you the fastest read / write latency when your website is loading. All drives are in raid 10 configuration.

Secure

All our packages come with FREE SSL certs and all our servers run with roundcube enabled, 24x7 brute-force detection and malware scanning around the clock.

You can conveniently check out instantly using PayPal, Payfast, Snapscan and Bitcoin.

Please choose an option from our selection of hosting offerings

We offer shared, uncapped and reseller options.

Take a gander at the assortment and convenience of the apparatuses your favored web facilitating administration is advertising. Ask applicable inquiries with respect to the nature and extent of the administration gave.

Some appropriate inquiries at this stage would be:

Does the web facilitating administration offer free promoting instruments, web traffic following devices, web designer apparatuses?

<https://www.webspacebar.co.za/>

Does the web host's administration uphold PHP, offer internet business instruments like shopping baskets and so forth?

Does the web-facilitating supplier offer you any free information bases, blog programming, FTP transferring administrations or FrontPage augmentations?

Most web has offer a CMS (Content Management Service). This is an exceptionally straightforward method of altering the substance of locales through an easy to understand interface. One can add pages, classes, pictures and change around the whole site without stacking the substance once more! This can be accomplished just by changing the format of the CMS.

More Tips On Finding The Best Web Host

Post for the number of sub areas you can enlist with the web have and the administrations they are giving; as a rule this is limitless.

It is judicious to enquire whether your picked web host may expand their web facilitating expense later on. Most facilitating suppliers amend this expense regularly. What you would require is a long haul facilitating charge structure for your site that is moderate and feasible for your online business needs, in request to develop your Internet business consistently - without having to continually stress over sudden costs with respect to facilitating expenses being climbed for your site each year or thereabouts. Thus, do a touch of exploration and search for specialist co-ops that will be there when you need them and pick one that offers dependable, savvy and a wide scope of administrations for consistent online business improvement.

See whether your preferred web host will move area names free, in the event that you have just enrolled one and need to move it from another web facilitating specialist organization.

At last, attempt to get yourself a sensible limitless arrangement with your web facilitating administration.
