

How to Submit Game Scores as a Team Admin

Applicable Roles

As a Team Admin, your competition may allow you to submit game scores. You will first need to ensure you are in your Member or Team Admin role for the governing organization.

Submit Game Score on Mobile

Select Schedule from the top navigation on mobile to view the scheduled games for your team(s). Games missing scores will be flagged with a yellow triangle. Click on the desired game to set the score.

Once you have opened the game details for a game, you will select Set Score, add the score, and save.

Score Change Requests

If one team has already entered the score for game and you wish to submit a different score, you have the option to submit a score change request for the governing admins to review. You can request a score change from the Game Details by clicking on the desired game via the Schedules area. Score change requests will then be evaluated by the governing admins.
