Title Written in Times New Roman Font (15pt) (Max 15 Words: Bold)

Researcher Name[1], Researcher Name[2], Etc..[3]
[1,] Faculty, Affiliation
Email: [1]author1@email.com, [2*]author2@email.com (12pt)
Please add all author names in metadata when submitting on the website (OJS)

Abstract

(Times New Roman 12, Bold and Italic, spacing 1, spacing before 12pt
The content of the abstract, between 150-250 words, just one paragraph. Apparently, for the sake of simplicity, use the same language you use in your writing. Use the Abstract Fill style for this format. If you use this template correctly, all numbering will be generated automatically. So you don't need to edit it manually. Of course, if you create a section of this paper that requires numbering after this template, that number will be followed by the existing section number. Again you don't need to edit the part numbers, because if the contents of this template are deleted, the numbers will be sorted automatically. If you want to try deleting the contents of this template, please backup it first.

Keywords: *Type 5-6 keywords here, separated by commas in is*

A. INTRODUCTION

Written in Times New Roman 12pt, Bold, space 1, spacing before 12pt. The introductory part mainly contents: analysis of the situation; partner issues; and the solutions offered. The following are instructions for writing manuscripts in MAMEN (Management Journal) published by the Indonesian Science Literacy Foundation. The authors are fully responsible for the content of the manuscript written and the manuscript is a writing that has never been published. The list of referrals is created sequentially from 1, 2, 3 onwards.

The manuscript contains an inscription containing 1. Introduction, 2. Theoretical Studies, 3. Research Methods, 4. Research Results and Discussion, 5. Concluding and 6. Reference List. The structure of this chapter is standard, do not add and subtract, except for the subchapters.

The content of the introduction is the answers to the questions: (1). Background, (2). A brief literature review of related research (3). The reason for this study and (4). Destination questions. State of the art, gap analysys and novelty are seen here. Avoid discussing literature reviews and definitions of a general nature.

B. THEORETICAL OVERVIEW

Page Size. the manuscript is written on a4 paper (21 cm x 29.7 cm), with mirror margins top 2 cm, bottom 2 cm, left (inside) 3 cm and right (outside) 3 cm. the content

of the paper is written in times new roman letters measuring 12 pt with a distance of 1.15 spaces, and typed using ms word. the number of manuscript pages is 7-15 pages.

Article Title and Author Name. The title of the article is written in the middle using Times New Roman 12pt bold., as in this template. All author names are mentioned without titles, 12pt, bold, separated by commas, for the latter authors separated by the word "and". The author's email address is written in full, Times New Roman letters, italic, 12pt.

Abstract Writing. each paper should start with an abstract with a maximum length of 250 words and be followed by keywords. abstracts are written in english and indonesian. abstract in the form of a brief statement of the problem, approach, research results, and conclusions. the content of the abstract, includes: objectives, methods used, results and conclusions.

C. RESEARCH METHODS

The content of the script. the script can be written in indonesian or english. the writing in the subject of the description uses times new roman font size 12 pt, justified, 1.15 spaces. authors are allowed to use other types of letters for special purposes, for example to distinguish the source code of a computer program. the paragraph format is justified and in one page is tried to be aligned up and down, so that the rest of the spacing can be set by the author. paragraph substitutions are spaced 1 space.

Subsection. The title of the subsection is written in Times New Roman 12 pt, bold and written in sentence case model (capital letters only at the beginning). Subsection headings are written in the order A, 1, a, 1) a). Which in Manuscriot has been set as heading 1, 2, 3, 4, for example:

1. Heading 2

The text for heading two aligns with the ruler of this sentence. The text for heading two matches the ruler of this sentence.

a. Heading 3

The text for heading two aligns with the ruler of this sentence. The text for heading two matches the ruler of this sentence.

Page numbers, mathematical equations. The manuscript is listed page number. Mathematical equations are written using the Equation Editor or similar. Each variable in the equation is annotated the first time it appears. All equations are written in the middle, with the sequence number of the equation placed right-aligned and the formula written in an index like formula 1.

$$\Delta F = -2,3\ x\ 10^{6}\ x\ F^{2}\ \frac{\Delta M}{A} \quad (1)$$

$$\Delta F = -2,3\ x\ 10^{6}\ x\ F^{2}\ \frac{\Delta M}{A} \quad (2)$$

D. RESEARCH RESULTS AND DISCUSSION

Tables and Figures are placed in the center of the page. The table title is written above the table, while the image title is below the figure, both with Times New Roman letters 12 pt. Letters in the Table may use Times New Roman 11pt or 12pt, 1space. Tables are drawn simply, and not a chessboard. Tables and Figures are laid out as close as the description that refers to the first time. Generally, Tables and Figures are placed

after being mentioned in the description of the manuscript. Table and Figure numbering is sorted from number 1 onwards. The table presented is only important information, with the number of tables around 5 (five). An example table can be seen in Table 1. The letters for the captions on the image should be large and clear enough so that they are easy to read.

Table 1. Write the table title

Size	General	Bold	Italic
12	Table title.[a] word or number written above		
12	Section/chapter headings,[a] Reference Library, table, Table name,[a] First word in table title,[a] picture title, subscript, superscript		
12		'Abstract'	
12	Author affiliation, Main posts, similarities, The first word in the chapter title[a]		Sub heading
12	Author name		
15	Paper title	Paper title

E. CONCLUSION

The closing contains conclusions and suggestions, each of which is written as a subtitle. This section sometimes also contains thanks. **The conclusion** contains answers to research problems that have been described in the introduction and presents a summary of the description of the results and discussion, referring to partner problems. Based on these two things, describe the supporting and inhibiting factors of activities**. Suggestions** are prepared based on an analysis of advantages and weaknesses or things that have and have not been achieved from activities and the sustainability of activities**. Acknowledgments (If Any),** if necessary to thank certain parties, such as service sponsors, avoid excessive statements of gratitude.

BIBLIOGRAPHY

(Times New Roman 12 pt, space 1, Libraries must be sourced from national/international journals, electronic articles, books, theses and proceedings. Referral sources no later than 10 years from the current year, **references use the APA Style format**, each referral is accompanied by a DOI (reference linking) link and use **MENDELEY** reference management in writing citations and reference lists. The list of

references is displayed at the end of the article and sorted alphabetically by the last name of the main author (Author-1). At least 80% of the bibliography is primary sources (journals). Typing Next author (Author-2 and/or Author-3) is normal (does not start from last name). The text or sentence in the subject matter that refers to the reference is marked with the last name of the author. **Must include at least 10 references/bibliography.**
