Audio

Voice Recording & Editing

[Audio Recorder- Gitlab](#) (free) Simple powerful Audio Recorder with custom path selection and editing, no ads, open-source, GPLv3

[Audio Recorder- Sony](#) (free) This is the official Sony Audio Recorder application, which makes it easy to record and playback audio on your smartphone or tablet. An intuitive recording interface makes it easy to record, pause, edit audio and more.

[Dolby On](#) (free) Transform your phone into a powerful recording tool with just one tap. Record songs, sounds, instruments, podcasts, rehearsals, voice memos, ideas, lyrics, beats, and more with incredible audio quality! Dolby On is the only free recording app with cutting edge Dolby audio technology.

[Easy Voice Recorder Pro](#) (\$3.99) Easy Voice Recorder Pro is your everyday companion to record important moments. Capture meetings, personal notes, classes, songs, and much more, without time limits or ads!

[iRig Recorder 3](#) (free with in-app purchases at Google Play) iRig Recorder 3 is a completely redesigned powerful, flexible and easy-to-use audio and video recording app for iPhone or iPad. It provides you with a professional stereo audio and video recording tool that you can use anytime and anywhere your mobile life takes you. Use its powerful recording, editing and export features to create and share great sounding audio and video while on the go.

[Lexis Audio Editor](#) (free but “Pro Features” for recording in MP3, etc. require in-app purchases) Create new audio records or edit audio files with the editor. Save the files in the desired audio format.

- Recorder and player
- Normalizing, noise reduction
- Compressor
- Delete, insert silence, trim, fade in, fade out
- Record into existing file, import file into existing file
- Cut, copy and paste
- 10 band equalizer
- Change Tempo, Speed, Pitch
- Mixes the current file with another file

[n-Track Studio](#) (free or subscription plan for more advanced features) n-Track Studio turns your Android device into a complete recording studio. Record and playback audio and MIDI tracks, mix them during playback and add effects. Edit your song and share it with your friends or jam with other artists (compared to Ferrite- top iOS audio editing app- in [Mojo Manual](#))

[RecForge Lite](#) (free) RecForge is a high quality sound recorder. It allows to Record, Edit and Share sounds, voices, notes, musics or any other audio. Warning : The Lite version has all the features of the pro version, but ogg and mp3 recording are paused every 3 minutes (no limit for wav), just press the pause button to continue. Try it before buying the pro

[RecForge II Pro](#) (\$3.24) RecForge II is a powerful dictaphone (audio recorder & editor) for Android. It allows to Record, Play, Edit and Share sounds, voices, notes, musics or any other audio media.

- Extract audio from video
- Skip silence (with threshold)
- Record meetings, rehearsals, music learning, EVP, studio recording, ...
- Live monitor in preview or record mod (need a headset)
- Play and use the loop feature for memorization, actor lines, bible memory, recitations, ...
- Time stretching with playing rate and pitch adjustment (to practice an instrument or transcribe lectures, ...)
- Edit your audio files for ringtones, commentary, ...
- Archive it using cloud storage services or share it with your friends by mail, social networks, SoundCloud, WhatsApp ...
- Schedule recordings
- Tag your recordings and edit metadata

[ShurePlus MOTIV](#) (free) Use the ShurePlus™ MOTIV app for high-quality digital recording and editing with MOTIV microphones or as a standalone tool.

- Record high-quality uncompressed WAV audio using built-in mic
- Edit recordings using trim or split options that include adjustable fade curves and markers
- High-resolution metering
- Save to compressed formats (ALAC, AAC 96, 128, 256)
- Share files via email, text, and Google Drive

[Smart Recorder](#) (free, has in-app purchases) Voice recorder designed for high-quality long-time sound recording with a simple and nice user interface.

[Video Format Factory](#) (free) Allows you to convert audio into MP3 format AND extract audio from videos in MP3 format.

[Voice Changer](#) (free, has in-app purchases)

- Record your voice and apply one of the funny effects!
- There are more than 20 amazing effects including robot, monster and helium.
- Store and share your modified voice in social media and with friends.
- Reach previously recorded sounds and play anytime you want.

[Voice Changer with Effects](#) (free, has in-app purchases) Change your voice and have fun listening to your modified voice! Record your voice, apply effects, and share them with your friends.

[Voice Record Pro](#) (free) Voice Record Pro is a professional voice recorder. It allows you to record voice memos and on-site sounds at unlimited length with configurable quality.

[WavePad Audio Editor Free](#) (free) WavePad Free sound and audio editing application. Record, edit, and add effects, then send audio to yourself or others to share or continuing editing on another device. WavePad Free allows you to record voice or music, then edit the recording and add sound effects, clean up background noise and more to achieve high quality audio recordings. Easily edit your own recorded files.

Music Recording & Editing

[Audio Evolution Mobile Studio](#) (\$6.99) From recording song ideas to full-fledged mobile productions, Audio Evolution Mobile sets the standard for music creation on Android. Whether you are recording using the internal mic or recording from a multi-channel USB audio or MIDI interface, Audio Evolution Mobile rivals desktop DAWs. Featuring editing with unlimited undo/redo, virtual instruments, real-time effects, mixer automation, audio loops, drum pattern editing and so on, the app will give you endless creativity options.

[BandLab](#) (free) Import a track or make a song from scratch, collaborate with up to 50 creators and producers in real-time, and publish your hits! Our multi-track editor is a launchpad for you to record, edit and remix like a genius. Make beats and add creative effects, loops, and vocals from our free sound packs. Be inspired by samples from genres like EDM, dubstep, garage, house, rock, rap and more.

[FL Studio Mobile](#) (\$15.99) Create and save complete multi-track music projects on your Phone or Tablet. Record, sequence, edit, mix and render complete songs.

[Music Studio](#) (\$14.99, has in-app purchases) Music Studio offers a complete music production environment for mobile devices with features and a sound quality previously only known to desktop applications and expensive audio hardware.

Audiograms (audio for social media)

[Audio Status Maker](#) (free) Ever wanting to create a story or status with songs, your voice note, pictures, emoji and trending stickers including stickers relating to the songs; wait no more. With Storyart, you can select songs from your device or record voice and then attach to your story or status.

[AudioVision for Video](#) (\$1.99) It is fully featured music player, which allows you to create music videos for your videos at the same time.

[Avee Music Player](#) (free, has in-app purchases) In essence, a lightweight music player that also has folder browsing, equalizer, song cross-fading and video playback capability. Still, most notable features are audio visualizer and easy HD video production.

[ChkSnd](#) (free) It is a tool to create a music video with a visual accompaniment. In a sense, it is an alternative to adobe ae, but free!

[Headliner - Create and Share Podcast Videos](#) (free) Headliner is the easiest way to automatically create & share your podcast clips to social.

[Riff Music Promotion Lite](#) (free) Change the way you promote your music. Focus on your music instead of putting hours into learning video editing and uploading videos to social media. The entire process of posting a promotional clip of a song to your social media using Riff:

1. Choose the part of the song that you want people to hear. Hook your listeners.
2. Choose from our library of pre-made visualizers. You can incorporate your own album art, or not. Make it your own.
3. Tap a few of your social accounts and hit 'Post'. Let the magic happen.

[Soundcircles](#) (free) Soundcircles brings back the individuality of your voice to your photo messaging and social posts. Take a pic, add Soundcircles, and Share. Easy as you like. Other audio-licious features include:

- Facebook login
- Follow your favourite Soundcircle makers
- Embed multiple Soundcircles in a single image
- Create a User Profile for free so you can store and resend all your Soundcircles

[Visualization Video Maker](#) (free) See very positive review [here](#).

Podcasting

[Anchor](#) (free) Anchor is the only app that lets you record a high-quality podcast, and distribute it everywhere (including Apple Podcasts and Google Play Music) – right from your phone. No podcasting experience necessary. Anchor now also supports automatic transcription and conversion to video for posting to social media.

[Headliner](#) (free) Headliner is the easiest way to automatically create & share your podcast clips to social.

[Spreaker Studio](#) (free) Take over the entire production of your own podcast or radio show with Spreaker Studio. Spreaker Studio transforms your device into a fully-equipped radio studio, allowing you to broadcast live or pre-record podcasts while adding tracks and sound effects.

Photos / Images

Editing- Adding Text / Creating Memes

[Adobe Spark Post](#) (free) Adobe Spark Post (Beta) is the fun, fast and easy way to create stunning graphics for any occasion — no design skill necessary! Get started in seconds with professionally-designed templates you can tweak to make your own with just a few taps. Pick your photos, add some text, and apply Design Filters to instantly create beautiful, eye-catching graphics. Explore completely new layouts, color palettes, typography styles or filters in a single tap. Easily share your designs via your favorite social platforms, text messages or email to wow your audience.

[Annotate - Image Annotation Tool](#) (free, has in-app purchases) Annotate is the best image annotation tool for Android. Download the app and get annotating immediately. The app requires no logins or unnecessary permissions. The app has no ads or annoying notifications either. It does exactly what it promises and we aim to ensure that you annotate your pictures as fast as possible.

[Bible](#) (free) On more than 250 million devices around the world, people are reading, listening to, watching, and sharing the Bible using the #1 rated Bible App—completely free. *(Create and share inspirational Bible art. Access it by highlighting a verse to share, but once you begin making a graphic, you can change the text to whatever you want (i.e. use it for quotes, memes, whatever. Can use their stock images or photos from your camera. See how-to [here](#)).*

[Canva](#) (free, has in-app purchases) Canva makes design amazingly simple (and loads of fun). Create beautiful designs for work, school and play in minutes with Canva – no design skills or complex software needed.

[Desygner](#) (free, has in-app purchases) THE EASIEST & BEST GRAPHIC DESIGN APP as featured by Forbes, Product Hunt, Social Media Examiner and Terra with 100,000+ layouts and templates.

[Fontee](#) (free, has in-app purchases) Fontee is the best tool to automatically turn your words, saying or quotes into beautiful photo text designs. It's the coolest typography tool. With one click, you can create amazing text on photo with cool fonts and stunning layout design.

[Hype Text](#) (free, has in-app purchases) Hype Text makes your videos and photos stand out by adding well-designed animated text layout. You can use Hype Text to:

- Add beautiful captions for your videos, fast and easy.
- Make your story stand out by adding awesome animated text.
- Attract more views by turning photos to animated text posters.
- Create more impressing animated quotes.

[Mematic](#) (free) Mematic - the fast and easy Meme Generator: With a few taps you can add captions to any pictures and share them with your friends.

[Over](#) (free, has in-app purchases) Over is a social media branding tool, photo editor, poster maker, and more. Choose from modern templates and custom fonts, then combine them with your favorite photos, fun captions, or a cool overlay.

[Overlay](#) (free, has in-app purchases) Give an artistic look to all your images using Overlay. Add custom typography, beautiful layout masks, elegant stickers and creative overlays on your pictures and share them on your favorite social networks.

[Pixellab](#) (free) Adding stylish text, 3d text, shapes, stickers and drawing on top of your picture has never been easier. With a simple and clean interface that lets you focus on whatever you're doing, a wide selection of presets, fonts, stickers, backgrounds, more than 60 unique options that you can customize and of course your imagination, you'll be able to create stunning graphics and amaze your friends straight from your phone or tablet.

[Screen Master Pro](#) (\$2.99) Screen Master is a free, easy-to-use, no rooting required screenshot & photo markup tool. Screen Master also provides a variety of annotation features such as crop, add text, pixelated image, draw arrow, rect, circle and more. Lets you easily edit and markup your screenshots and quickly share it with your friends!

[Snapseed](#) (free) Snapseed is a complete and professional photo editor developed by Google.

[ThingLink](#) (free) Make your images come alive by putting notes, interactive links, another images and even YouTube videos on top of them.

[YouVersion Bible Lens](#) (free) Bible Lens transforms your everyday photos into profound, Biblically-based artistic shareable images. Bible Lens lets you take a picture, or point to one you already have. It detects not only objects in your photo, but more importantly, the Biblical themes of the moment that photo captured... and then suggests Bible verses to match!

[Word Swag](#) (\$3.99) You've found the authentic Word Swag™ app! Word Swag magically turns your words into beautiful photo text designs! Create amazing text layouts that would normally take minutes - or even hours in Photoshop - with just a tap. Only Word Swag has the exclusive Typomatic™ type engine that makes this possible.

Editing- Collage Creation

[Adobe Photoshop Express](#) (free) Adobe Photoshop Express is one of the best photo editing and collage maker tool for easy, quick and powerful editing on mobile devices. Download and enjoy 60+ professional looks and advance corrections like Denoise and Defog for free.

[Layout from Instagram](#) (free) Instagram's newest app is a better way to make collages. Layout lets you create one-of-a-kind layouts by remixing your own photos and sharing them with your friends. Choose photos from your gallery—or use the built-in Photo Booth to snap spur-of-the-moment shots—and instantly see them laid out in a cool collage. Pick the layout you like best, then edit it to make it your own.

[MOLDIV](#) (free, has in-app purchases) MOLDIV™ is the all-in-one photo editor that offers everything you could wish for in photography. It's the professional photo editor that satisfies everyone from newbies to professionals. Whether it's Frame/Collage/Magazine features that allow the liveliest story-telling, or Beauty Camera that takes naturally beautiful selfies, find the features you need in MOLDIV, the best photography app!
