SL: Luxury AI for Luxury Linen.

Hi Kara,

I see opportunity in luxury industries like yours, so I wanted to introduce you and your team to AI content mechanisms...

With their use at STILLA Flowers, in the form of both text and image I managed to stretch their reach across 4 new markets and consequently land them 82 new clients.

Here is a pinch of how your Instagram could look after implementing them with image

→ [Crane & Canopy - IG Post](#)

I'm confident I can replicate and tailor the success I achieved with STILLA Flowers for your company.

Can we finetune these mechanisms together ?

Talk soon,

Hugo
