

Joining the Map Solidarity Project

I recommend starting by contacting one of the people at the bottom of this document. They will help you through the process of joining us. (Joining is not difficult but doing it with one of us will save you lots of time.)

To do once:

—If you're not already a member, please join Action Network

https://actionnetwork.org/users/sign_up

—Sign our Vision Statement: Signing the FFF Slack Vision Statement simply tells us you agree with our basic ethos and operating principles (Everyone is welcome, non-violence, non-discrimination, etc.)

When you've signed the Vision Statement, you will be invited by FFF International to join Slack, our communications app.
