The first theoretical test with us (not the Verkehrsamt) is free of charge 😊

# EDUCATIONAL PLAN Class B/L

(normal progression)

<b>Registration</b> Online/driving school	There is unfortunately a bit of administrative work to be done at the time of registration (snore:). So, to speed up the registration process, you can register easily, quickly and comfortably <a href="#">online</a> from home or on the go (wroom....). If you prefer to register with us in the driving school, our office is open for you Mon-Fri 10.00-18.00 :) Also important to know is that your designated supervisor(s) must have had a driver's license for 7 years and regularly driven a car for the last three years.
<b>Doctor's report (Arztgutachten)</b> Optional/driving school	The doctor's report must be submitted in the original to the Verkehrsamt as soon as possible (after the registration) where it will be registered. Until the doctor's report is registered, you cannot take any tests. You need to find a doctor who is authorized for the purpose of the driving license, and it can't be your general practitioner! You can also get the doctor's report from our visiting doctor. <a href="#">Find and book an appointment</a> now!
<b>Theoretical course</b> Driving school	For the driver's license you need to complete 10 modules of basic knowledge (GW 1-10) and 6 B-specific modules (B 1-6). The whole course lasts 8 days with us, and you can find planned class times and required modules under <a href="#">Termine</a> (GW 1-10 (ENG) and B 1-6 (ENG)). <a href="#">Have a look</a> now :) Oh, and in our online shop you can order the <a href="#">online trainer</a> , so that you arrive well prepared for the course :)
<b>Theoretical test</b> Driving school	Whee, theoretical test ... :) Now all the necessary modules and the doctor's report have been completed, you have tried the test simulation for the theoretical test in the driving school (... right?) and the theoretical test is the next step. The theoretical test takes place every Thursday in the driving school. Latest today we need a passport photo of you - so say cheese :)
<b>Driving lessons</b> SeeStadt + surroundings	Ready to drive? Great! Then let's get rolling :) You need 6 driving lessons, i.e. 3 double driving lessons at the driving school before you can start driving with your designated supervisor(s). The third double lesson (Einweisungsstunde) must be completed with your designated supervisor in a school car to prepare you both for the driving with the learner's permit. After that you will both/all need to attend the theoretical instruction for the practical drives. The driving lessons are booked easily and conveniently <a href="#">in the Fahrstundenportal</a> from home or on the go:)
<b>Introduction to the learner's permit</b> Driving school	After the theoretical course and the 3 double lessons, you and your designated supervisor(s) will have to attend an introduction to the learner's permit. The introduction lasts about an hour, and here the tasks, training and challenges of the practice drives are discussed. It also gives us the opportunity to get to know the person(s) you will be practicing with :)
<b>Driving lessons</b> SeeStadt + surroundings	After the introduction, you have to wait for the learner's permit from the Verkehrsamt. Latest now you need 2x L-Signs, the handbook for practice drives and the additional mirror for the person you are practicing with. These can be picked up from the driving school. Once you get the confirmation, you can finally start practicing with your supervisor(s) :) After you have started practicing you need to complete 12 additional legally required driving lessons, i.e. 6 double lessons in the school of which one is a checkup lesson (6. lesson) with your designated supervisor and one is a practical test simulation (9. lesson), also with your designated supervisor.
<b>First aid course</b> Optional/driving school	The first-aid course is legally required for all driving license class B applicants and must be completed before the practical test at the latest. You can complete the course at any certified provider offering a legally compliant course. If you have already completed an equivalent first aid course (at least six hours), then the certificate for this course is sufficient. You can also do the <a href="#">first aid course</a> with our visiting provider if you prefer that. <a href="#">Find and book an appointment</a> now :)
<b>Practical driving test</b> SeeStadt + surroundings	Finally, the driving test... :) You have now completed the doctor's report, the theoretical course and the theoretical test, as well as the first aid course and the driving lessons. Only the practical driving test remains - but don't be nervous, OK? The test is not about being the best driver in the world, but about being a competent, safe and responsible traffic participant. So keep calm and be proud that you've come this far - we already are :)
<b>Mehrphasen</b> After the driver's license...	After passing the practical test, a second educational phase has to be completed - the Mehrphasen. This must be completed within 12 months of receiving the driver's license and consists of two double lessons in the driving school and a driving safety training in a driving safety center. You can also do the Mehrphasen training with us. More information is found <a href="#">here</a> .
