6 Yellow Weekly Update

September 1st - 5th, 2025

Dear Parents/Guardians,

I am delighted to share that we've had a fantastic first week of 6th grade! It has been a pleasure getting to know your child, and I am excited about the journey we will be taking together this school year.

Throughout the week, the students have been enthusiastic, engaged, and ready to learn. We've already started building a positive classroom environment where everyone feels supported. The children have been participating in various activities designed to help them get comfortable with the new routines and expectations of 6th grade.

In addition to the academic subjects, we've been focusing on important skills like collaboration, critical thinking, and responsibility. It's amazing to see how eager they are to contribute their ideas and work together as a team.

I encourage you to ask your child about their experiences this week—whether it's a new subject they enjoyed, a fun classroom activity, or a new friend they've made.

I look forward to working closely with you throughout the year to ensure that your child has a successful and rewarding 6th-grade experience. Please don't hesitate to reach out if you have any questions or concerns. Let's make this year a memorable and successful one!

Best regards,

Mr. Brezenski & Mrs. Carlson
