Unit 1: Lesson 1-1

Na	me Date
	SEN Entry 1-1: Categories and Properties of Garbage
1.	What are the categories of garbage that your group chose?
2.	What are the properties of each category of garbage?
3.	Based on what you now know about properties, would you change the categories your group chose? If yes, what would be your new categories?
	TENCIONI
	TENSION: Think of two objects that you use in your everyday life. What are the properties of each object? How are the properties of the two objects similar or different?
