To Update Student Chromebooks:

Students will log into their device as normal.

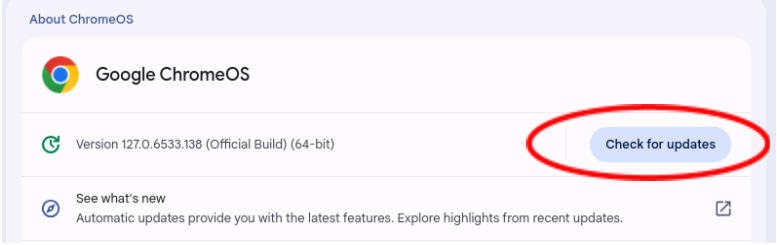

1. Click near the clock on the bottom right to find the settings icon.

2. Click on the settings icon. Scroll down on the left side to find “About Chrome IOS”

3. Look for the “Check for Updates” at the top. Or it will say “Your Chromebook is up to date” and you are finished.

4. If your chromebook says “check for updates”, click that button and follow the instructions until your updates are complete. You may need to restart your device to finish updating.

HAPPY TESTING!
