#### **Introduction:**

The Department of Electronics and Communication Engineering, in collaboration with the IETE Student Forum, successfully organized a Project Expo to showcase student innovations and technical achievements. The event served as a platform for students to demonstrate their practical knowledge and creative solutions in the field of electronics and communication engineering.

#### **Objectives:**

1. To provide students with a platform to showcase their innovative projects
2. To encourage practical application of theoretical knowledge
3. To foster a spirit of innovation and technical excellence
4. To promote peer learning and knowledge sharing
5. To bridge the gap between academic learning and industry requirements

#### **Event Highlights**

##### **1. Project Demonstrations**
