They work at a hospital in the city center. I have got two brothers; Hasan and Mehmet. Hasan is 17, and Mehmet is 19. Hasan is very serious, and he always tells me what to do. I guess because he is the oldest. I go to a nice school in my neighborhood.

It is not too far from our home, and I really enjoy it. I have got a lot of friends there, and I enjoy studying. I really like Geography class, but I have some difficulty in Math. It's not a problem, though because my brothers always help me, and I always get good grades from the exams. I love playing sports, especially basketball. I'm the tallest player in the school team, and I usually play really well. My coach says one day I can play professional basketball! On the weekend, I spend a lot of time with my friends Sabri and Celal. We do everything together because we are really good friends.
