Headings		Personal Response
	MY EXPERIENCE OF RACISM	- That some people can get really hurt and it is really mean. - That even policies show racism to people.
	AM SURPRISED ABOUT RACISM	- That people even act like this and they are mean to people just because their skin color is a different color. - I was also surprised about how fast the kids believed their teacher.
	LIKED ABOUT THE DISCUSSIONS	- I liked that now they know that it is not good to treat people differently by their eye color or skin color. - I like that there are some many different people in the world. I think it is really cool.
	DIDN'T LIKE ABOUT THE DISCUSSIONS	- I didn't like that all the kids got upset and that they felt that they were dumb and that they couldn't play with each other. - I didn't like that it took the kids a short time to completely change after what their teacher told them.
	WHAT I WOULD CHANGE IN NEW ZEALAND	- I would change all the racism happening in the world because I think it is a very sad thing. - I would change how some people think about other people.
	MADE ME THINK ABOUT	- It made me think about the racism going on in America. - It also made me think about how we have been learning about racism in class.
	STILL DON'T UNDERSTAND	- I don't understand why racism is still happening around the world. - I don't understand why even some presidents show racism to other people.
