### Brief Summary

This idea comes from a series of conversations held at CCAT. While there has been an unpaid librarian/archivist intern position at CCAT for quite some time, this idea proposes that a paid position be created to more oversee the CCAT library and to collaborate with other archivist and library-type spaces on campus. We are requesting a not to exceed amount of \$17,000 to be used on wages for the creation of this new position. This amount was derived from the "Enhancement to Donation Dash" idea paper by Dev Fields adjusted for inflation. We expect the CCAT Library will be able to be more thoroughly sorted and better utilized. This will allow for better cross campus collaborations with CCAT's library. This will benefit students in their academic pursuits.

Proposed Budget: **\$17,000**

## STAFF FEEDBACK

- One of 3 proposals from the same group requesting student wages: not really a “project”, just funding students.
- Conversation during the info session was much more in-depth than this proposal. Feels as if it is missing information. No collaboration with Xandra Gradine as discussed previously.
- How do they plan to make this information more accessible?

Good Morning Ethan,

I hope you are doing well! I am emailing regarding your CCAT Librarian/Archivist submission.

Unfortunately, the committee decided to not fund your idea as they felt the project needed more development and did not reflect the conversations had with other CCAT members regarding this position. We encourage you to resubmit this idea next year with a more fleshed out project description, including the wider benefits to campus and collaborations with the library (particularly Xandra Gradine, they have some wonderful ideas for a project like this!)

Enjoy your summer!
