

FORM 27 – End-of-Season Family Feedback Form

Purpose: This form gives families and students a chance to share feedback about the season — what worked well, what could be improved, and any support needs that became clear through participation. It helps the program improve and ensures the district can identify patterns before they turn into complaints.

Why this is important: Documented feedback shows the district is responsive, student-centered, and continuously improving. It also provides early warning signs of morale issues, safety gaps, or staff conduct concerns **before** they escalate into formal complaints.

Student Name: _____ **Activity/Sport:** _____

Season/Year: _____

What Went Well This Season (check all that apply)

- | | |
|---|---|
| ☐ Communication | ☐ Skill growth/development |
| ☐ Coaching/support | ☐ Safety & supervision |
