Students and Parents:

1. Make sure to check and review daily the material given in class. Don't leave studying for the last minute.
2. It is advised to check the teacher's blog weekly. In it I will post many resources and practice that can be used at home. Students, parents and tutors can benefit from them a lot.
3. Feel free to contact me if you have questions or comments about the class. You can contact me at my regweb email address or at my personal one: **matias_teacher@yahoo.com**. You can also call the school's secretary and schedule an appointment.
4. **The teacher is not responsible for the missed material. Students that are absent should be responsible for the missed material. The teacher will provide any other material or special assignment given to all the students.**
5. **Classes begin at 7:20am. Please make sure the students arrive on time to their class. Let's avoid any type of interruptions!**

Have a great week!

***This weekly can change.**
