

Welcome to **the Omnic Lab**. We're a podcast that focuses on the strategies inside of the game of Overwatch. We learn through trial and error in the lab, even if things get a bit crazy and blow up sometimes! We'll brew up team composition strategies, stir in some tips to play better, and hopefully equip listeners with the instruments they need to gain a strategic edge!

In the Lab this week Andres and Rob run a fun casual show with Overwatch Trivia to celebrate 100 episodes with some folks from the community game night. Rules are stated at the top as we jump right in! Be sure to stick to the end to hear some clips from our friends and listeners!
