

SPICED PEACHES/PEARS/APPLES

5 cups brown sugar
2 cups white vinegar
2 cinnamon sticks
2 T. whole cloves
4 quarts pears, peaches, or crabapples

Cook sugar, vinegar and spices for 20 minutes. Drop in fruits a few at a time and cook until tender. If using canned peaches, etc., you will not have to cook but stud each peach with a clove before adding to liquid.

Remove from heat, cool and refrigerate.
