- Woodlot tour including focus on student work

***Discussions guided by new “NCCC Advisory Committee FAQ’s” Guidelines:**

We can review this list and prioritize discussions as needed to suit our time frame

- What are the employment projections for the region?
- How can we better train our students to meet your industry needs?
- What could make the program better?
- What helped alumni be successful and what did and what did they need that they did not have?
- Are there any WBL opportunities available?
- Should the Advisory Committee review comp + task lists?
- Is the program curriculum up to date? Does it teach the right things?
- How can the Advisory Committee get involved with our students?
- Are there any field trip/guest speaker opportunities available?
- Please speculate about what the future holds in the occupational area you represent.
- If there are new trends, how does the NCCC ensure staff is trained and knowledge available.
- Other business?
